Thank you to everyone who  
makes this program so  
successful.  
Happy Grandparents' Day!

## What's New?

Volunteer Grandparents (VG) would like to extend a warm welcome to **Veronica Spiess**, the new Program Coordinator. Veronica has an educational background in family science and gerontology and comes highly recommended. She endeavors to continue to support, encourage and create VG intergenerational relationships.

Fortunately, VG attained some funding to hire a summer university student. We would like to recognize the hard work and devotion that Virginia Yip has shown. Her valuable contributions to the organization are outstanding.

As many of you have already noticed, we have a new logo. We have been extremely busy creating new marketing tools, namely a flyer and pamphlet, in order to help promote the Volunteer Grandparents' Organization.

*Bridging and enriching generations since 1973*
