

Bridging Generations

Summer 2007

Summer Student

I would like to extend a warm welcome to the new summer student, Robert Tan. He will be here for 13 weeks to help with program development, marketing and administration.

Mary Florio Bursary

If you are intending to apply for a bursary for your grandchild, please send in the application letter before August 1st, 2007.

Festival Vancouver Tickets

Volunteer Grandparents would like to offer you complimentary tickets to the Festival Vancouver. Thank you to the Festival Vancouver Community Access Program for donating the tickets. Concerts take place at the Christ Church Cathedral between Aug 8-16th. Contact Veronica for more information.

CBC Radio Interview

I would like to extend a special thank you to Heather, Mirka and Natalie for participating in a CBC radio interview in April. The interview was aired in May on 690AM. They did a wonderful job depicting the importance of intergenerational matches and shared their wonderfully active connection.

Exciting Opportunities

A community minded videographer has agreed to volunteer her time this summer in order to create a special intergenerational video for a lucky one of our volunteers and a grandchild. If you are interested in documenting and receiving a video of your special connection please contact Veronica so we can make the arrangements. There is a second opportunity for any interested VG match to be interviewed for a segment to be aired on Shaw TV. Please let me know if you would be interested in being interviewed. It would be a wonderful opportunity for the general public to learn about the importance of our organization.

Upcoming Events: Please let me know if you are interested in receiving any Whitecaps tickets as we receive a number of them throughout the season.

Bridging and enriching generations since 1973
