

### A Fun-Filled BBQ

This year's annual volunteer appreciation event took place at Confederation Park on August 11th with over 100 program participants in attendance. Our program ambassadors proposed a theme of Silly Hats which was well received. Nandalal, our summer student, did an amazing job organizing the event supported by our Program Ambassadors and Veronica. Daytime activities included face painting, a balloon artist (Brianna), three legged races and games, and of course a Piñata for the children.

The event was an opportunity for attendees to get to know other families and volunteers involved with our programs. We thank everyone who shared the special day with us.

## Final Thoughts from Nandalal...

I have had an amazing time working for Volunteer Grandparents. The summer has gone by in no time at all, but I have enjoyed every moment spent here. During my work term, I was in charge of planning the annual Volunteer Appreciation Picnic. This included applying for sponsorships and donations, as well as organizing activities for the event. The picnic was on August 11th, and I was very happy with the way things turned out. Thankfully it was a beautiful day without a cloud in the sky, and lots of people attended. Working for Volunteer Grandparents has given me so many valuable experiences and has been extremely rewarding as well. I really enjoyed meeting and interacting with all the people involved with the programs. I wish everyone involved with Volunteer Grandparents the best!
