

We Have a New Window Banner

New window banner seen from the Holdom Skytrain station

We have a brand new window banner. It's BIG...! It's BOLD...! It can be seen from space...? Well, maybe not from space but it can be seen from the east bound platform of the Holdom Skytrain station. Next time you are at this station be sure to have a look. We'd like to thank Volunteer Burnaby who generously funded the cost of this banner and to the City of Burnaby's Print Shop for printing such a great banner for us.
