

Candace Leung is currently a Criminology student at Simon Fraser University. She brings with her experience from volunteering in senior residential care facilities and working with seniors and youth to bridge the two generations together. Candace understands the importance in building intergenerational relationships. As a foodie enthusiast, she loves to document her food by taking a photo of it first before eating it and always having snacks on hand. Besides going on her food adventures, she likes to travel and watch movies. Any suggestions on where she should go next? Hoping to give back and make an impact to the community, Candace is excited to be part of Volunteer Grandparents as the Special Events Coordinator this summer and looking forward to meeting everyone!

Our **11<sup>th</sup> Annual Volunteer Appreciation Picnic** will be at Confederation Park on Saturday **July 15, 2017**. We're working hard on making it a great event and can't wait to see everyone there!

CANADA 150

This year marks Canada's 150th anniversary of Confederation and Volunteer Grandparents plans to celebrate it in a big way. We applied to Heritage Canada and successfully received a donation of promotional materials. We're excited to hand out paper Canada flags, Maple Leaf tattoos, and Canadian Flag lapel pins at all the community events that we'll be at this summer and at our Annual Volunteer Appreciation Picnic.

## Summer Community Events

Looking for fun for the whole family? Come see us at these events during the summer. These festivals are free and fun!
